## Start all over lyrics niykee heaton

Why are you ruining my party? How do you always call me that when I feel like I'm strong enough to forget everything? How do you know, if you really love me, let me go find someone new now and I'll take you home, and when I look at you, I won't miss you, so can we stop starting something we know we can't handle? Find someone new, I look at you from a different angle, I won't miss you when I stop starting over and we have to start all over again, why are you calling me so you can't be alone? Don't you see I finally stood up? (On my feet) How do you find my weakness when you think I'm free? He won't forget you, you come to my door, how do you know, if you really love me, then I'll go find someone new and take them home. I missed you, and I stopped starting over. Find someone new, I look at you from a different angle, I miss you and I stop starting over and we have to start all over again, again and again why are you ruining my party? (And again, again and again and again) Why do you always call me? (And again, again and again and again) Why are you ruining my party? (And again, again and again and again) You have to let me go if you really love me, I'm looking at you, I miss you, and if you really love me, now find me and I'll take you home, I miss you, and will I stop starting over? Find someone new, I look at you from a different angle, I miss you, and I stop starting over, and we need to start all over again. I painted myself twice to hide my wounds because I need it, yes, I do. Ruin my lipstick, ruin my bed, don't ruin the hair on my head, but never ruin my mascara. – the lyrics tell the story of a woman who has a new relationship with a man she feels 'Mascara'. She's hurt before and prides her on wearing makeup because it makes her feel good. Also, when they're romantic, she's allowed to ruin her lipstick, bed, hair, body, but she's not allowed to ruin her life and mascara. Mascara 'Mascara' includes a unique story, soft vocals and emotional elements, and perfumed guitar-oriented instrumentation. NiyKee Heaton - Bad Guy You, you, you, you can call me the bad guy. If it helps you sleep at night, it wouldn't be the first time he's made me a bad guy. You think he's the only one who's hurt. And that's why we don't work. - The lyrics 'Bad Guy' tell a painful story of a woman accused of something she 'allegedly' did. Apparently, his relationship with the important other He blames her for the rocks and that ugly breakup, and she hates him for it.
